19. New Business

Scholarship application is posted. Referee application is posted. Will be sending 5 candidates. Team composition has been submitted. The "rostered select" designation is now just "select". Put in for several select teams in Atom, Peewee and Bantam. There is a new classification called "development stream" which is the same as the old Select 7. Bluewater discussed this. Development stream kids can not be rostered to development stream and also houseleague. The consensus around the league is that there would not be enough kids to have both. We also put in for a development stream team but we will figure out if we have a spot for it later on.

ES Fry Foundation will give away a free registration to a player who is playing in Riverside next year. Idea is to have submission about how they are staying busy during this crisis or something like that. Information will be posted on the website.

Back in February we asked houseleague teams to submit videos of their teams. We got one submission which will be posted to our social media.

Motion by S. Knowles to spend some money on coaching aids. Second by N. D'Hondt. We need a list. This has been brought up numerous times and the response has also been "get us a list". No one ever does. S. Knowles will make a list which will be sent out by email and voting will be tabled until that time.

Jay and AMS will be attending another virtual Bluewater meeting where Lumi will be discussed and tested. It allows for voting in a virtual AGM situation. If it works about we may consider a virtual AGM sometime in June.

A parent asked about having co-champions for houseleague. Motion by L. Fleming to have co-champions for houseleague in all divisions for this past season. Second by M. Lloyd. Carried.

20. Adjournment

MOTION to adjourn at 8:00 pm by S. Knowles/N. D'Hondt. Carried.

Next meeting is TBD.
