

From the home page of our website, select HOUSELEAGUE from the blue menu bar.

Choose your players division and click Visit Site (we'll use U7 for this example)

From the TEAMS button, select a team to take you to that team's page. Once there, click Player Roster.

Review the names on the roster page and if you don't see your player click the drop down in the upper corner and choose another team to repeat the process. You can also click Team Calendar for your team to confirm when / where your player is on the ice.
